

CONFIDENTIAL

MEMORANDUM FOR: Deputy Director (Administration) 28 August 1952

25X1A

SUBJECT : Memorandum from [REDACTED] Subject :  
Patent Rights, dated 11 August 1952 (EP-3-0965)

25X1A

1. It seems to me that [REDACTED] memorandum of 11 August is an acceptable statement of Patent policy insofar as OTS is concerned except that the term "shop rights" used in the second paragraph is vague in its meaning and not applicable to the Government in that in most cases the Government will not have shops in which to use the rights. It seems to me to be preferable to say the Government will always be protected by a non-exclusive license under such patents with the right to sub-license.

2. It would be well to defer any action on this until the matter has been discussed with [REDACTED] as suggested in [REDACTED] letter.
